Make your  
swimming pool  
fashionable

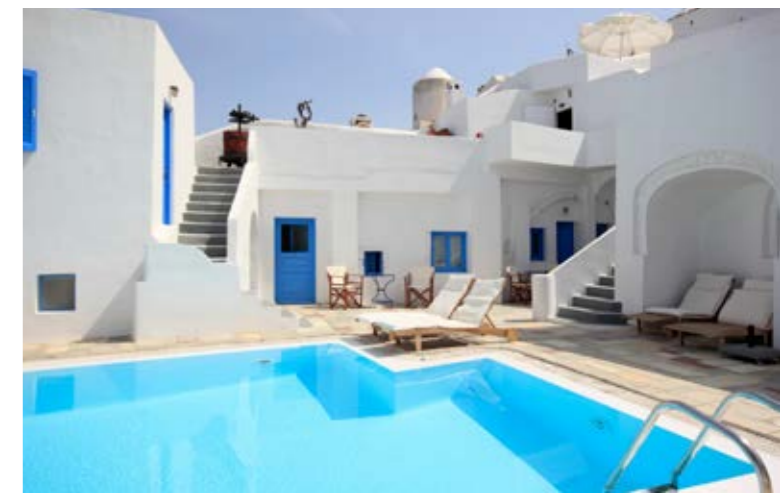

# Problem-free pools

Whether used for renovating pools or for new pools, **RENOLIT ALKORPLAN**, reinforced liner is extremely resistant and flexible. You can install it on any pre-existing material in half the time it takes to install other systems and it is much less expensive. The liner comes in a wide variety of designs and colours, allowing you to customise your pool and give it that personal touch.

If you want an attractive pool that will give you no problems, **RENOLIT ALKORPLAN** reinforced liner is the perfect product to achieve this.

With **RENOLIT ALKORPLAN** this won't happen ...!

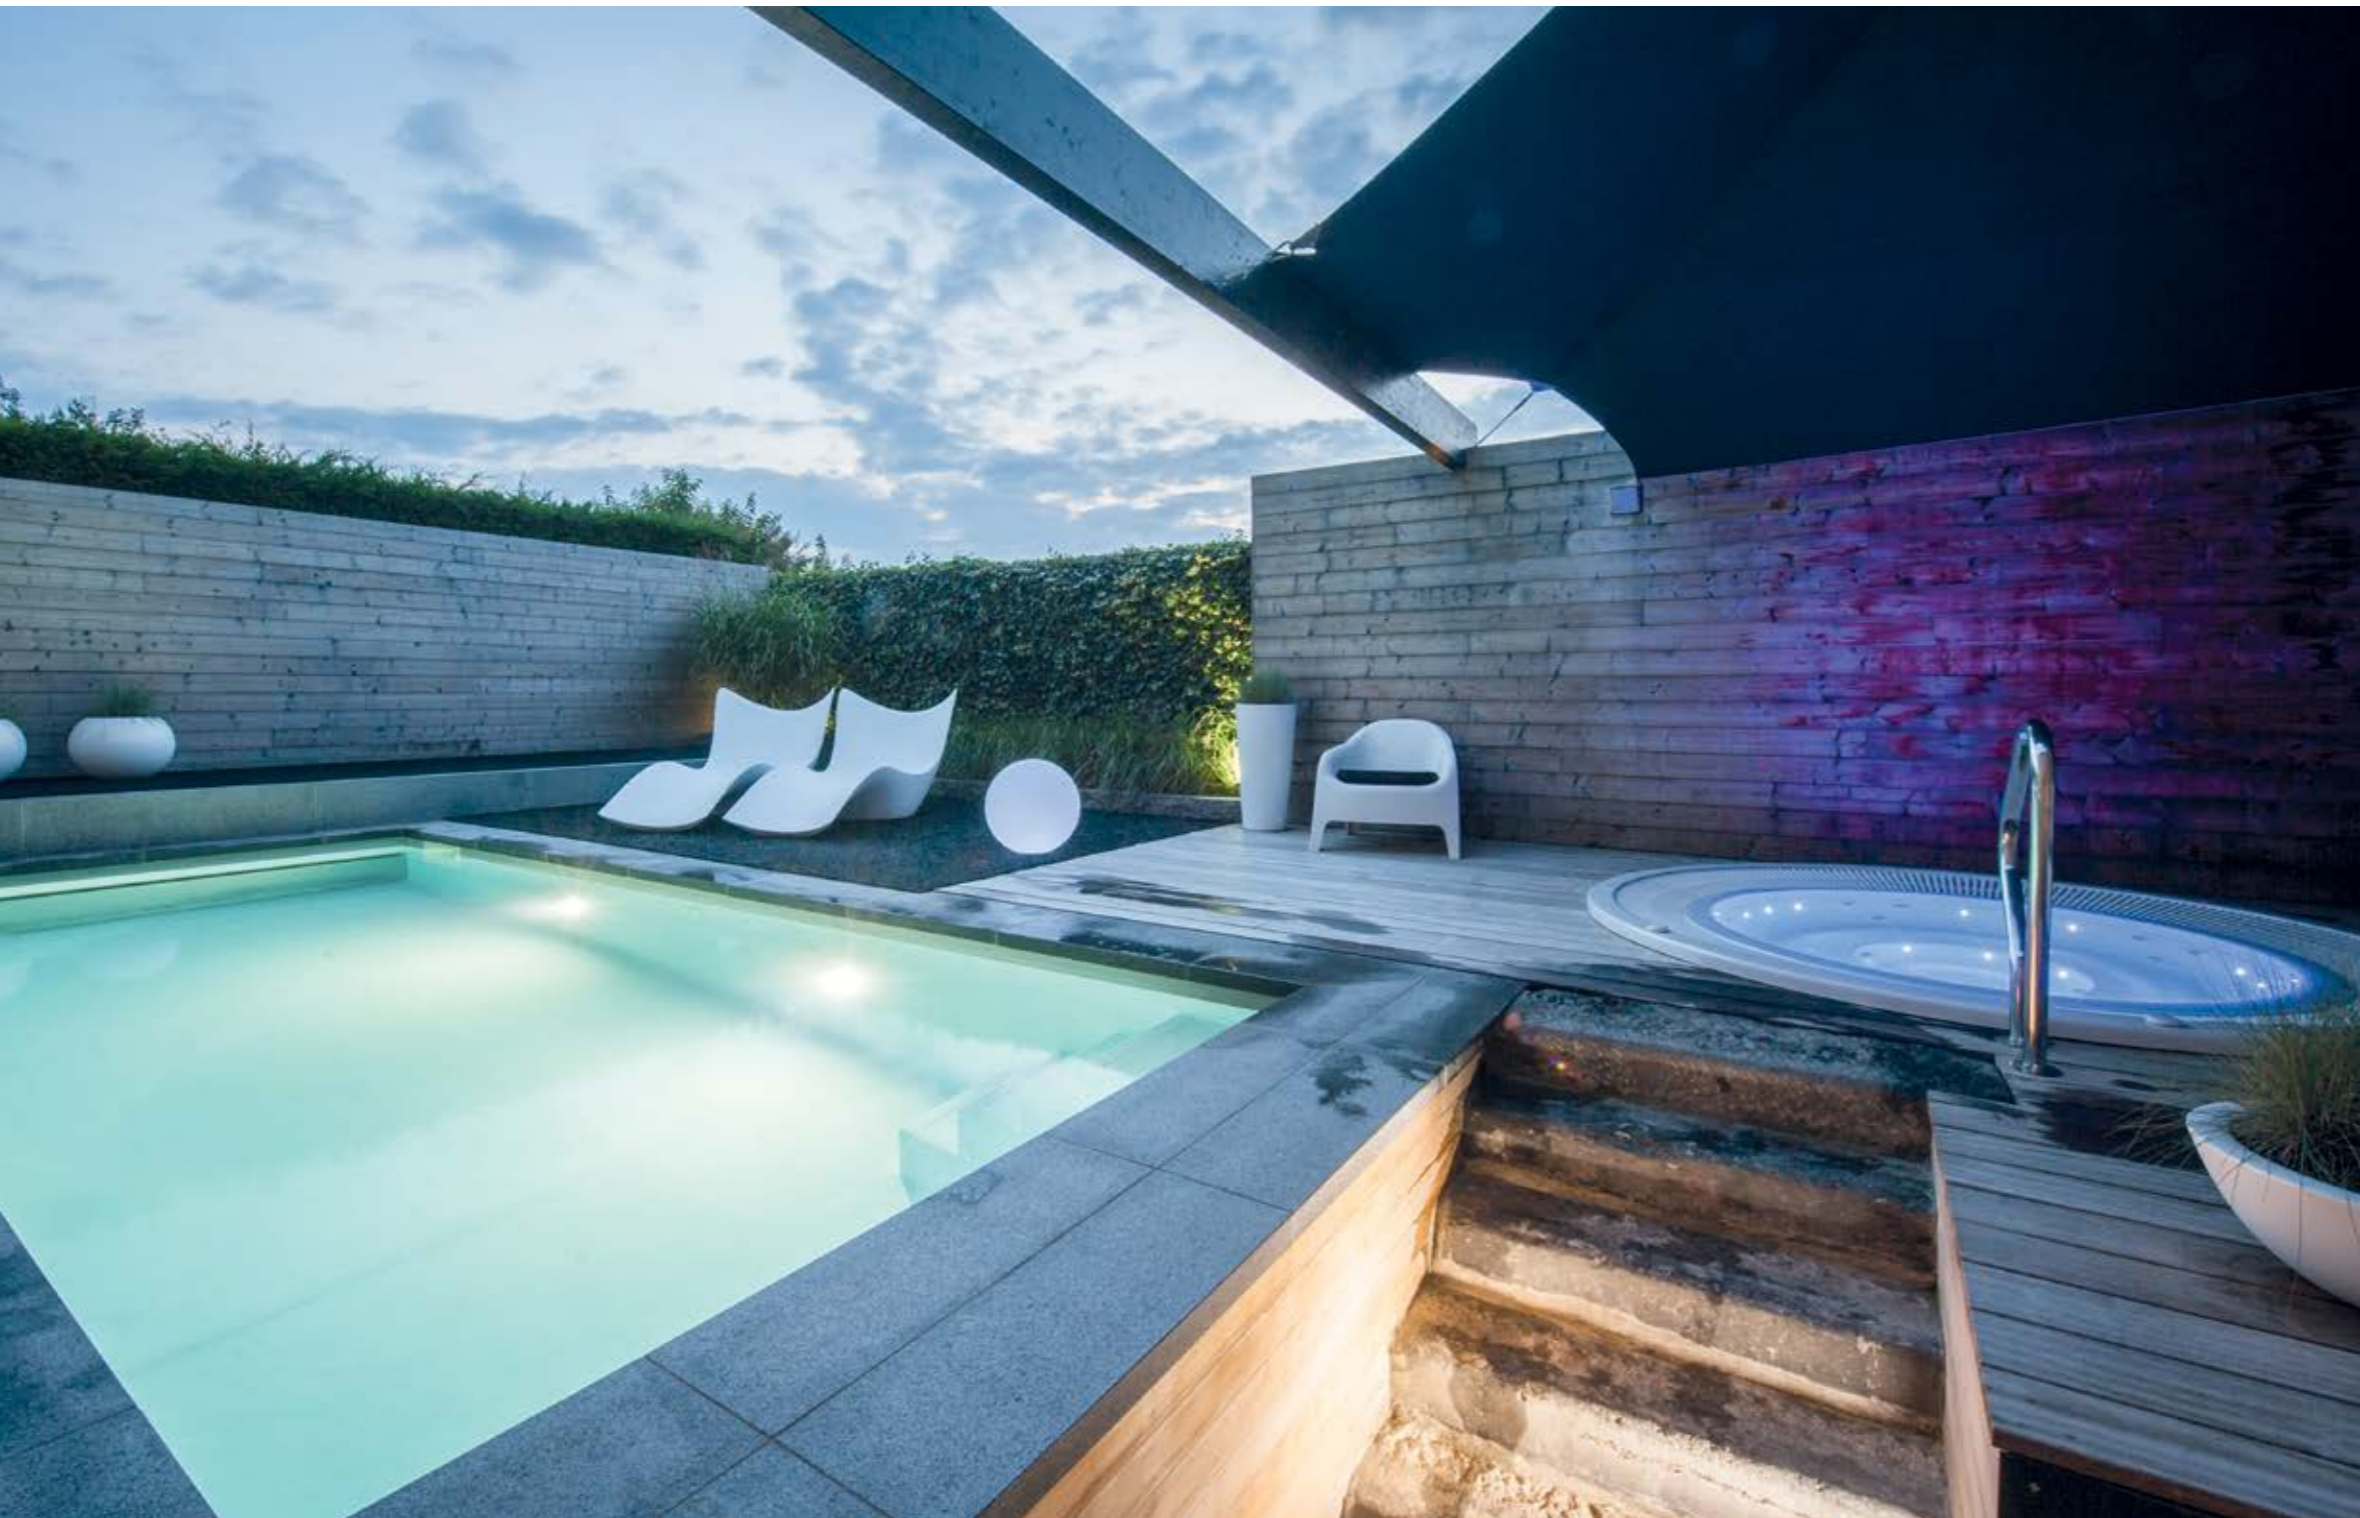

## Reinforced membranes are the most widely-used pool liners in the world

Nowadays, it is the most advantageous system in the market and the one presents the fewest problems. Its attractive appearance, reasonable price, fast and easy installation and absolute water-tightness, guaranteed for 10 years, have made it the most widely-used pool waterproofing system in the world.

## Minimum maintenance... and very easy to clean

- No** more raised glass mosaic tiles
- No** more black joints
- No** more flaking paintwork

We offer you the pool of your dreams

**RENOLIT ALKORPLAN makes your dreams come true**

RENOLIT ALKORPLAN is the perfect liner for rooftop pools, basement pools or in any place where there are cracks or micro pores that could cause damp, water leaks or flooding

Guarantee  
**10** years  
Watertightness

RENOLIT ALKORPLAN allows you to enjoy your pool in peace, without worrying about water leaks

# The perfect solution for large pools

## RENOLIT ALKORPLAN is the ideal liner for residential pools and public swimming pools

Many hotel pools, Olympic pools or aquatic park pools in Europe have RENOLIT ALKORPLAN liners installed in them, as apart from requiring minimum maintenance, they guarantee complete water-tightness and it is possible to install them in half the time it takes to install other systems. Their flexibility and resistance allow them to adapt to any pool shape and cope with large user flows.

## Benefits of the RENOLIT ALKORPLAN liner in public swimming pools

- It can be installed on any surface.
- Clean installation, with no noise and in half the time it takes to install other liners.
- It requires practically no maintenance.
- Ideal for renovating pools with problems or those in places difficult to access.
- No matter the size and shape of the pool.
- Hundreds of hotels in this country now have RENOLIT ALKORPLAN pools.

The lacquer lengthens the life of the liner

For all pool sizes and shapes!

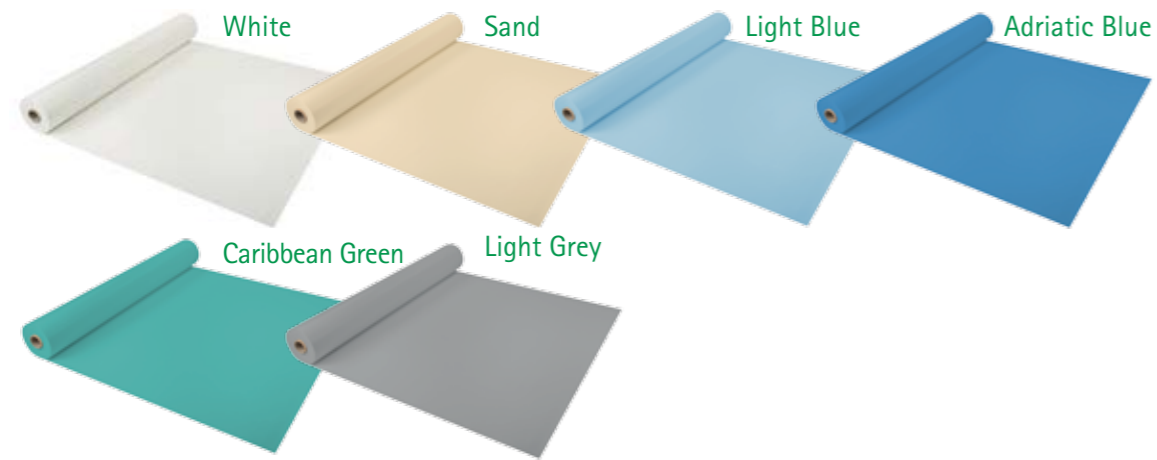

### Benefits of the lacquer

- 1 Prevents the development of bacteria and fungi, making the pool more hygienic.
- 2 Protects the liner from UV radiation and prevents its premature ageing.
- 3 Repels dirt and stains, and facilitates the cleaning of the liner.
- 4 Acts as a shield against scratches and grazes due to constant use.

RENOLIT ALKORPLAN is the only brand that markets its 2000 and 3000 pools liners with a special lacquer coating that protects them from scratches, stains, bacteria and UV radiation, preventing them from premature ageing.
